# Change your **lifestyle** without changing your **address**.

When you invest in an Apollo® Patios outdoor home addition you are investing in a better lifestyle while adding value to your greatest asset...your home. So now there is no need to move, with Apollo® Patios we can change your lifestyle without changing your address.

## Apollo® Design

'To suit your lifestyle'

Our professional consultants will computer design your outdoor home addition to suit your individual lifestyle requirements utilising the Apollo® Design Centre Program.

Right before your eyes you will see a 3D image of how your home addition will look with your specification details entered into our exclusive program.

## Apollo® Planning

'We do everything so you don't have to'

Our draftspeople will complete the necessary plans and approval applications and submit to council on your behalf.

## Apollo® Engineering

'Built to last'

All Apollo® outdoor home additions are engineered to suit the most complex designs from flat roof to gable, curved or breezeway patio systems and are built to suit Australian wind conditions from region 'A N1' to severe cyclonic region 'D C4'.

## Apollo® Product

'We've got you covered'

All components for your outdoor home addition are designed and engineered to give you an aesthetically superior finish and will be delivered on site in an Apollo® materials kit ready for construction.

## Apollo® Roof Sheeting

'No unsightly rafters or battens'

Apollo offers 2 choices of roof sheeting, the Apollo Unilink 2000® broadspan roof profile and Unilink 2000 Mark II® roll formed roof sheeting. Both forms of roof sheeting are manufactured from high quality Australian steel.

The Unilink 2000 MK II® roof sheeting is thicker than industry standards constructed from G550 Hi Tensile .48 gauge steel and that means roof spans of up to 4.7 metres are possible with no unsightly rafters or battens.

Apollo Unilink 2000®

Apollo Unilink 2000 Mark II®  
(Not suitable for cyclonic regions)

## Apollo® Paint Coat Finish

'Keeping you cool and carefree'

The Apollo Unilink 2000® and Unilink 2000 Mark II® roof sheeting is coated with the exclusive Apollo Durasheen® paint coat finish.

The top side is finished with a 55% gloss coating to reflect the solar rays and provide superior light reflection while minimising heat transfer and the underside has an 80% high gloss finish that reflects more light into your home.

The Apollo Durasheen® paint coat finish on the underside is also resilient to mould growth and that means easy maintenance for you.

## Apollo® Warranty

'Your peace of mind'

The Apollo Durasheen® paint coat finish comes with a 15 year manufacturers backed warranty ensuring your Apollo® outdoor home addition will stand the test of time.

All Apollo® outdoor home additions are also covered by a 6 year 6 month structural warranty.

## Apollo® Finance

'Build a better lifestyle sooner'

Why wait? Apollo® Patios has easy finance options available that can help you get your outdoor home addition sooner. In most instances the approval process is very fast so there are no lengthy delays.

Talk to your design consultant about a plan that will best suit your individual requirements.

## Apollo® Colour Range\*\*

'Adding colours to suit your home'

Apollo® has a range of colours that will fit perfectly with your homes existing colour scheme. All colours in the Apollo® range have also been specifically chosen to suit the climate we live in.

Merino

River Gum

Mist Green
