Careers

Looking for a new career or to advance your existing career in the irrigation and water services industry?

We're looking for motivated individuals to lead our business into the future. We can offer you a range of challenging and rewarding career options to help you achieve your career goals. So if you're motivated and eager to succeed, then let Think Water assist you in making the right career choice.

Think Water is the leading irrigation and water services franchise in Australia and New Zealand with Members in every state of Australia, and in both islands of New Zealand. Think Water employs over 400 staff in two countries, with Members ranging from metropolitan retail-based stores to rural agricultural-based stores.

At Think Water we understand that training staff is an imperative that takes time and costs money, but is by far the best investment that can be made in our businesses. We believe that having well-trained staff is an essential component to both our business success and meeting our vision of being Australia and New Zealand's leading supplier of innovative and integrated solutions to the water services sector.

As an international network of over 50 independently owned businesses across Australia and New Zealand, Think Water can provide employment opportunities to staff in a number of locations and positions.

To view a list of the available opportunities see our [Current Job Opportunities](#) page.

If there are no vacancies in your preferred area we are happy to pass on your contact details and/or resume to one of our stores in your preferred location and you are welcome to provide us with your contact details and/or resume by using our [Online Resume Submission](#) form.
