

# International Relocation

*“Heading overseas? Then call on our expertise to support you with your International Relocation.”*

***Moving overseas can be a very daunting experience and the support of a caring removalist to support you will make the relocation process a whole lot less stressful.***

## **Global Service**

At Key Bros Removals, we are moving people into and out of the country everyday. We have the experience and contacts with shipping and airline companies around the world. These relationships enable us to arrange customs clearance, storage, delivery and unpacking at destination. Our staff are trained to World's Best Industry practice and are equipped with the highest quality packing material to protect your valuable possessions whilst in transit. Please be assured that by having Keys Bros as your preferred carrier, you will receive personalised attention to detail and professional relocation management through to final destination.

Key Bros International have an affiliated network of agents throughout the world who work with us on a daily basis. They assist us in advising on current import tariffs, customs clearance formalities and by providing essential support services for our mutual customers requiring import or export relocation services.

Through information technology and our industry specific software program "MOVEWARE" we can manage your move from door to door. Our on line communications with overseas partners can provide us with constant status reports. We also receive a delivery out turn report as a follow up.

Our services include:

- Packing and Crating
- Export Wrapping
- Full container service
- Groupage part containers
- Shipping documentation
- Customs clearance
- Door to door service
- Worldwide agents
- Transit insurance

## **Storage in Transit**

If you have a need for storage in transit during your relocation, we can simply hold the container in storage at uplift or at the delivery state. This avoids double handling of the consignment and contributes to the smooth stress free experience of your move.
