

Interstate Relocation

*"We looked for a company we could trust
- big enough to handle the job but small
enough to care."*

**Keys Bros offers a
seamless door-to-door
service to any State in
Australia.**

Australia Wide Service

As shareholders in the Australian Movers Group, we are founding members of a unique network of independent family-owned removal and storage companies with a combined fleet of over 700 vehicles and containers.

This group of professional operators has formed an alliance which guarantees our customers outstanding quality, service and value for money. Located in each state, the AMG partners offer a uniquely personalised removal service backed by a formidable nationwide resource base. Each company complies to the same stringent standards of training and professionalism and offers the same high quality resources in vehicles, containers, packing materials and warehousing.

While Keys Bros will pack and arrange transport, one of our partners will meet your consignment at its destination, organise storage, or deliver carefully to your door.

At all stages while in transit, freight is tracked and monitored. This assures smooth handling of goods across even the longest distances.

To ensure a successful and easy interstate move, we also offer a range of additional services including vehicle and pet transportation, house cleaning, valet services and transit insurance.

Ask your Keys Bros consultant for a cost free no-obligation quotation and removal plan, and discover the quality, care and attention to detail that makes you safer in our hands.

Customer satisfaction is our purpose. This is the commitment we stand by and the driving force behind our rapid business growth.
