At bloom™
we believe
that no-one
creates better
hearing
solutions than
our customers

bloom™
hearing specialists

We believe our way of listening can help you hear better

bloom™ is an innovative hearing specialist with a simple idea: that the best hearing solution is one that you are involved in. At bloom™, our stores are run by independent-minded people who share a passion to empower you to join the conversation once again.

We hear from people just like you every day and it is through listening to them speak about their daily life and interests, as well as the challenges they face, that we can help bring them closer to the lifestyle that they used to enjoy.

Our method is surprisingly simple: we involve you and make sure you know what is going on at every stage by helping you to understand your hearing loss and the solutions that are available to you. This way, you are always in control.

Our hearing specialists

Our team of over 100 fully qualified Hearing Specialists offer a wealth of experience and a deep understanding of the impact that hearing loss can have on your life. Many of our Hearing Specialists have been helping people on their journey towards better hearing for over 30 years and can test, assess and provide you with a hearing solution that is best suited to your needs.

FREE hearing aids and services

The Australian government, through the Office of Hearing Services program, allows bloom™ to provide eligible pensioners and veterans with free hearing aids and services. Please contact bloom™ today for more information on **Freecall 1800 777 659**.

Health fund rebates

At bloom™, our hearing devices and services can be claimed through many Australian private health fund providers.

Please contact your health fund provider to check the details of your entitlements.

A free start for everyone! *

We understand that taking the first step towards improving your hearing may be exciting or perhaps a little daunting. You may be uncertain of what to expect and might even be feeling a little nervous or apprehensive.

At bloom™, we are so confident that you will benefit from a tailored hearing solution that we invite you to get involved and experience it – with a free start. This way you can take the first step towards better hearing health with nothing to lose!

* Offer is not valid to those under 26 years of age and conditions apply to clients under the Commonwealth Hearing Services voucher system. Please visit www.bloomhearing.com.au for more information.

Free test

In order to find out more about your hearing, a bloom™ Hearing Specialist will provide you with a free hearing test. Your hearing test will be completely painless, simple and non-invasive. It will take approximately 10 minutes and is the first step to determining whether you may have a hearing loss.

Free fit

If your test results indicate that you may benefit from hearing devices, your Hearing Specialist can suggest appropriate models to trial. This fitting will take approximately 15 minutes and involves your Hearing Specialist using advanced computer software to adjust the settings on the selected hearing device(s) to meet your personal requirements.

Free trial

You can then experience a free trial on the spot so you can hear what a difference a bloom™ hearing solution can make.

You will be given the chance to see exactly how these devices improve your hearing, as well as how they feel.

Your Hearing Specialist will show you how the devices function in different acoustic environments and also how modern hearing aids can be wirelessly connected with telephones, mobiles and the TV!
